What is Mango?

- Mango is a language-learning tool with over 70+ languages and dialects to choose from.
- With Mango, you can learn at your own pace with lessons that are built around real conversational situations.
- Each lesson has goals and concepts that build on the lesson that came before, steadily advancing as your knowledge of the language grows. Mango languages helps you to build practical language skills wherever you are—one conversation at a time.
- Listen to native speakers as they demonstrate different parts of conversation and practice as you go by recording and comparing your voice to a native speaker.

Here is a small selection of languages you could learn through Mango:

- Spanish (Latin American)
- English
- German
- Korean
- French
- Italian
- Japanese
- Russian
- Chinese (Mandarin)

How to Create a Mango Account

1. Download the Mango app from the Google Play Store on your Android device or the Amazon App Store on your Kindle Fire
2. When you first open the app, tap "Sign-Up" next to "Don't have a profile?"
3. Enter your e-mail address and a password of your choice and tap "Sign Up." This information is how you will log-in to Mango. By creating an account, you can save your progress as you learn a new language.
4. After completing your account set-up, you will be asked to agree to a "Digital Consent Form." Please read the form carefully and tap "I agree" to proceed.
